How to change the language for the User Interface and the Input Method Editor

Applies to:

Platform	*OS version*	*WinPAC/ViewPAC utility version*
WinPAC series	*All versions*	*All versions*
ViewPAC series	*All versions*	*All versions*

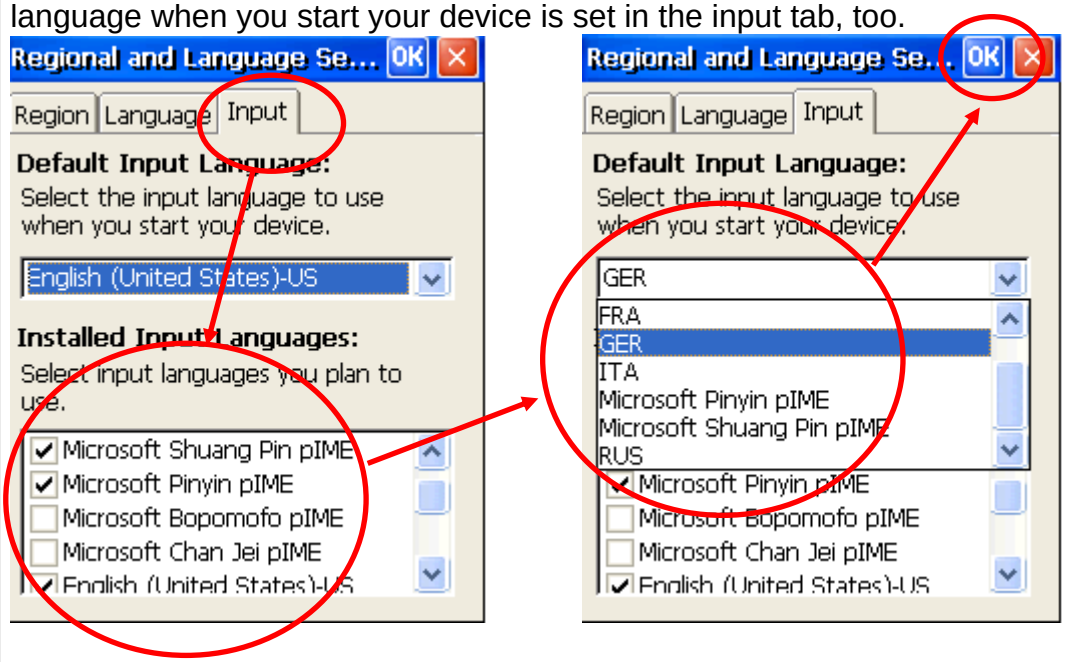

The WinCE support "Multilingual User Interface"(MUI) and “Input Method Editor”(IME). You can change the language for the user interface and IME by perform follow step.

Step 1: Double click the icon for Regional Settings in the Control Panel and then click the Language tab to select the User Interface Language.

Step 2: Click the Input tab and the check the input language you wish to use. The default language when you start your device is set in the input tab, too.

Step 3: Execute the WinPAC_utility and select the “Save and Reboot” option.

OS version and supported languages

OS version		English	German	Russian	French	Spanish	Italian	Korean	Simplified Chinese	Traditional Chinese
V1502 and earlier	EN	△	O	O	O	O	O			
	TC	O								△
	SC	O							△	
V1601 and later	EN	△	O	O	O	O	O	O		
	TC	O								△
	SC	O							△	

△ **:** The default user interface language in the OS.

O : The language for both the UI and the IME the OS supported.
