How to Save the LCD Backlight Settings

Applies to:

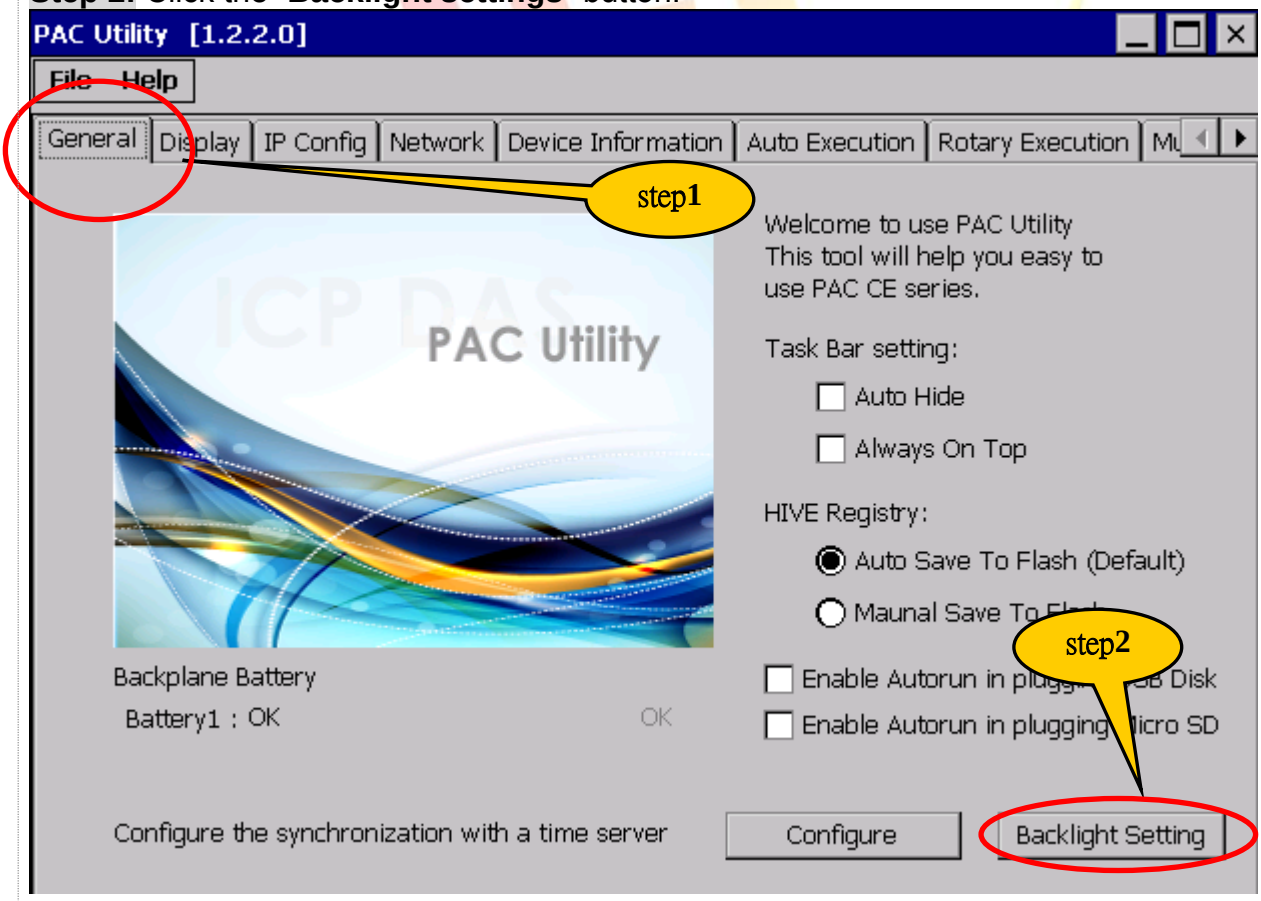

Platform	*OS Version*	*PAC Utility Version*
WinPAC	*N/A*	*N/A*
ViewPAC	*All Versions*	*All Versions*

Please perform the follow steps to configure the Backlight.

The OS allows the user to control the backlight brightness of ViewPAC touch panel and save the settings to ViewPAC.

Step 1: Run the PAC Utility and click the "**General**" tab.

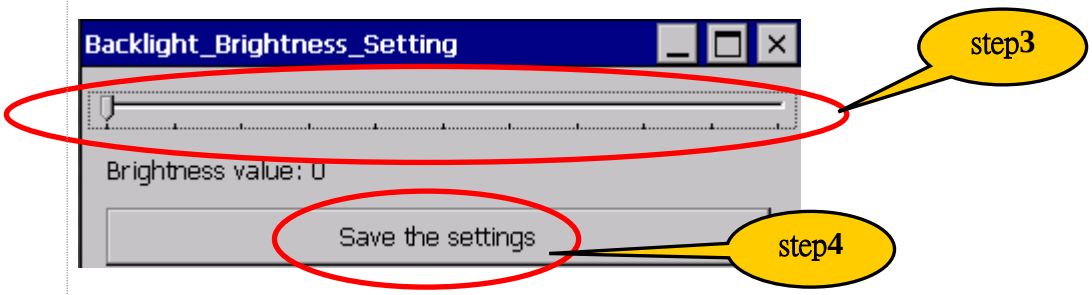

Step 2: Click the "**Backlight settings**" button.

Step 3: Adjust the brightness to the desired level using the slider.
