How to update System_Disk

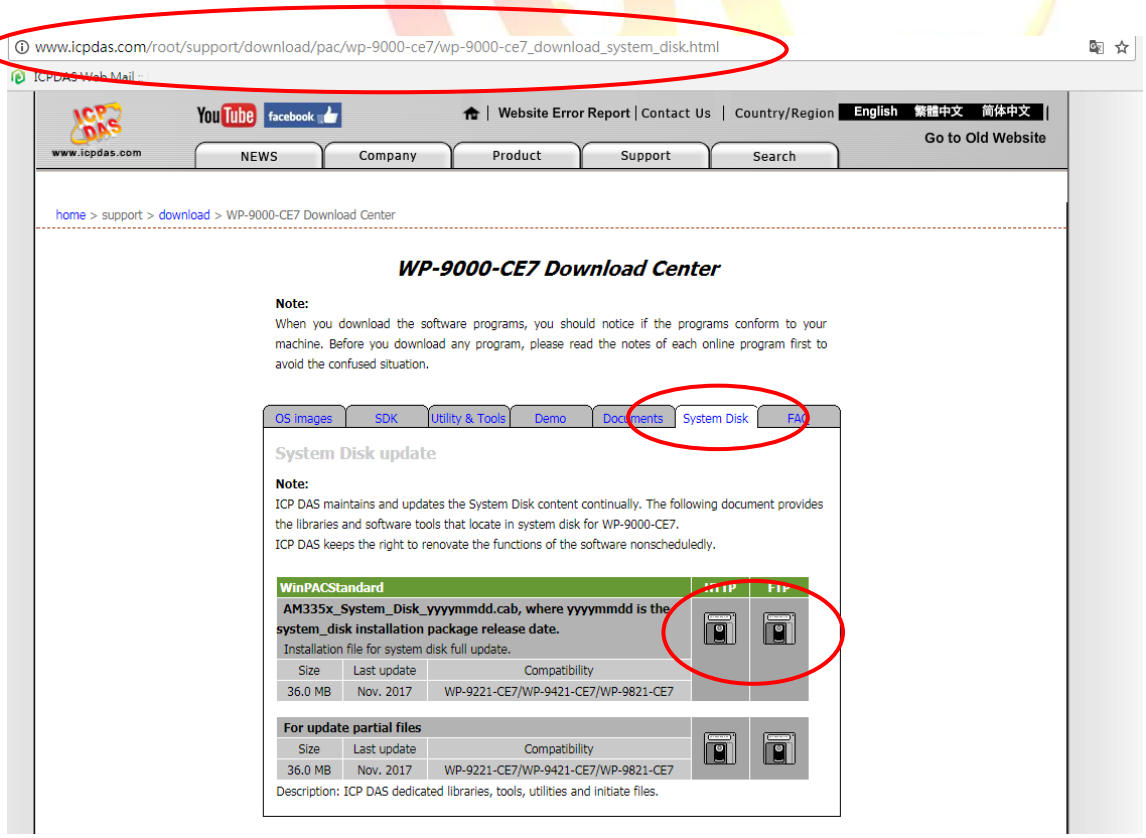

Applies to:

Platform	*OS Version*	*PAC Utility Version*
WinPAC	*All Versions*	*All Versions*
ViewPAC	*All Versions*	*All Versions*

To update the System_Disk, perform the following steps:

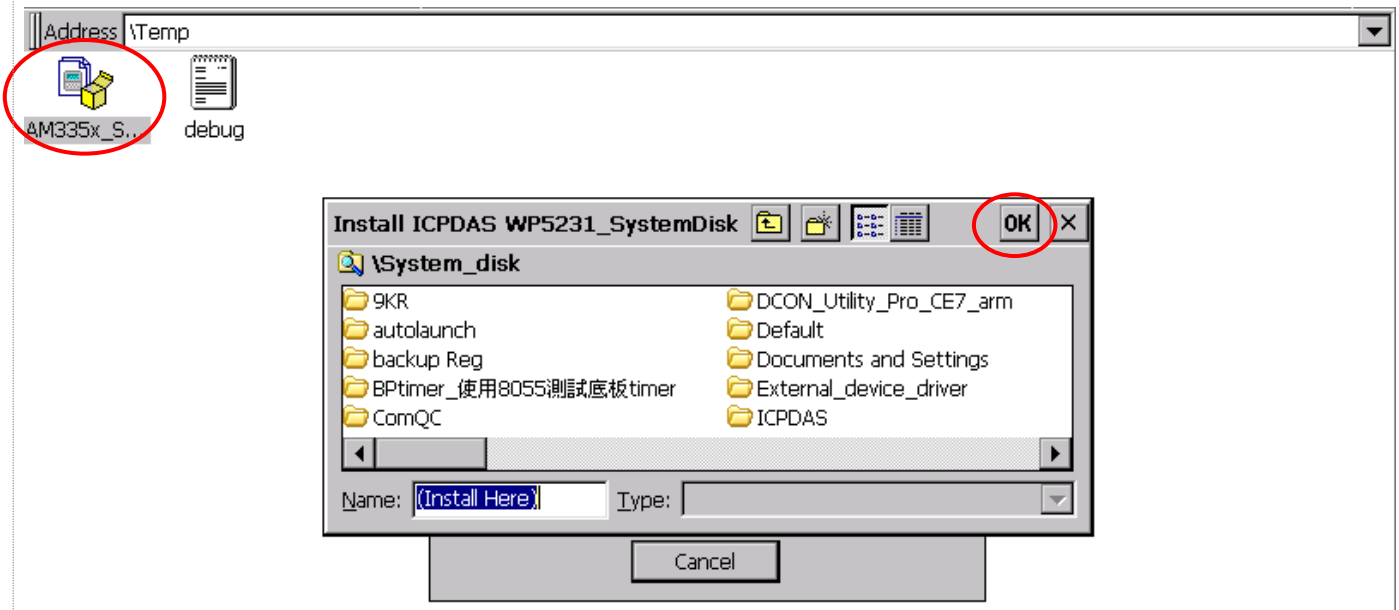

Updating the System_Disk woring via a downloaded installation file.

Step 1: Download the latest update file (* cab).
WinPAC:
http://www.icpdas.com/root/support/download/pac/wp-9000-ce7/wp-9000-ce7_download_system_disk.html
http://www.icpdas.com/root/support/download/pac/wp-8000-ce7/wp-8000-ce7_download_system_disk.html
ViewPAC
http://www.icpdas.com/products/PAC/viewpac/download/viewpac/download_system_disk.htm

Step 2: Double click the downloaded file “*.cab” and click “OK”.

If the System_Disk is success fully updated, you will see three folders in “\System_Disk”.
(You can delete the Touch Panel driver installation package file if you don’t need that.)

Updating the System_Disk by copying individual files:

Sometimes, you may not want to update the entire Sytem_Disk in their cases. You can update only the files you need.

Step 1: GO to the CD on our web:
ftp://ftp.icpdas.com/pub/cd/winpac_am335x/wp-5231/system_disk/

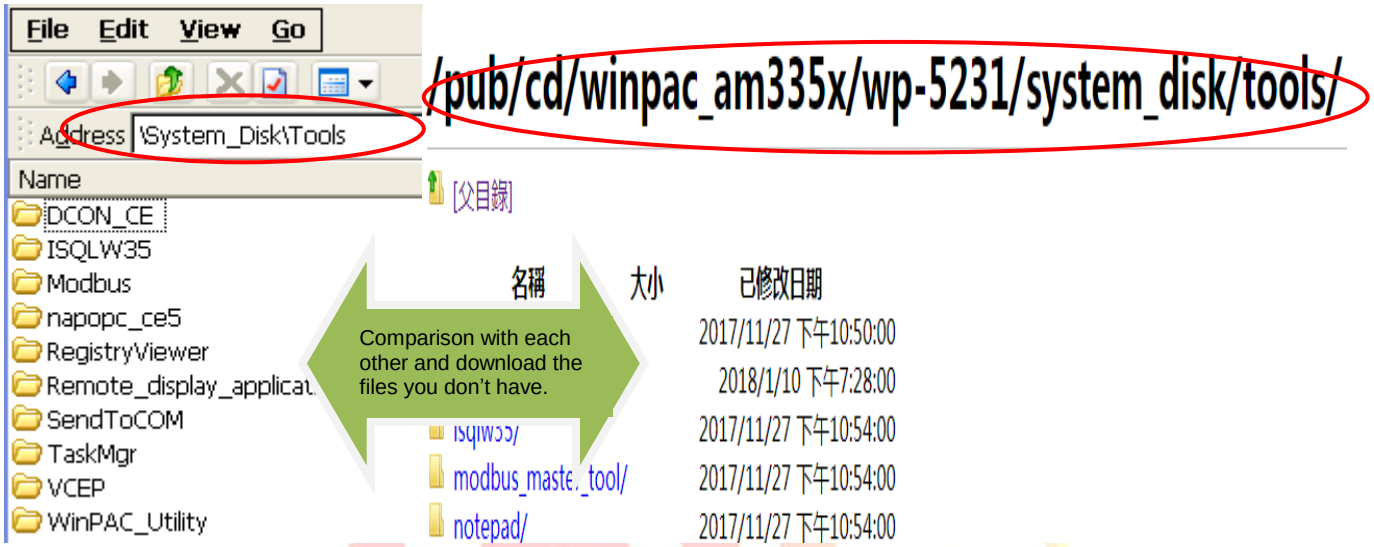

If you want to update the **"System"** folder. Go to ftp://ftp.icpdas.com/pub/cd/winpac_am335x/wp-5231/system_disk/icpdas/system/ and comparison all the files with the "System" folder on your WinPAC. Locate the files you don't have and download them to your **"System"** folder.
