Q1. How to recover the forgotten username and password for the GW-2492M or GW-2493M??(2024/12/10, Johney)

(1) Short the "INIT" pin and "GND" pin together, then restart the power of the GW-2492M or GW-2493M, as shown in the diagram below.

(2) Never short the "INIT" pin and "P.GND" pin together, as it may cause the module to be damaged.
